## Pahokee And Other Towns In Glades Join Fair Display

The executive board of the Pahokee Chamber of Commerce at the January meeting in the Civic Building Monday night voted to again cooperate with civic groups of the communities of Belle Glade, South Bay and Canal Point in the joint sponsorship of an exhibit of Glades-grown vegetables at the South Florida Fair and Exposition which is to be held at the Palm Beach County fair grounds on SE 80 east of Loxahatchee, Jan. 22-30.

A similar jointly sponsored Glades exhibit at the Palm Beach County Fair last year was awarded a special ribbon and was the object of many favorable comments, according to M. U. Mounts, County agricultural agent. Representing the Pahokee chamber, in working out details for the exhibit with the other communities, will be C. M. Todd, manager of the Pahokee State Farmer's Market and his wife, Mrs. C. M. Todd, who is the chamber's office secretary.

O. R. Blech, membership chairman, announced preliminary plans for the chamber's annual membership drive.

Oscar Dobrow, chairman of the constitution and by-laws committee, reported the chamber's constitution and by-laws are being revised and as soon as this work is completed and approved, copies will be sent to the membership.

B. ELLIOTT

## Former Legislator Is Seriously Ill

Former State Representative and Pahokee resident for many years, B. Elliott, is seriously ill in Duke University Hospital at Durham, N. C., following a major operation on Monday of this week. Relatives have gone to Durham where they can be close to him.

B, as he is known throughout Florida where he was a bright political figure for several years, has been ill for many months. He suffered circulatory trouble in one leg last Spring and was hospitalized. At that time it was thought that amputation of the leg would be necessary but he weathered the storm and came through in fair condition.

A few weeks before Christmas he was again hospitalized at the Durham institution and treated for several days before being released to come to Pahokee to spend Christmas with his children and other home folks. He and Mrs. Elliott have made their home in Fort Pierce for the past couple of years. Following the Pahokee visit it was again necessary that he be returned to the hospital and it was on Monday of this week that the operation took place.

B was a member of the city council in Pahokee and served three terms in the state legislature where he was elected speaker of the house for one term. During the years he was in the legislature he was prominently mentioned as a prospective candidate for governor. He established the Ford Agency in Pahokee in 1922 and operated it until about four years ago when he sold out to the present management.

## Power Squadron Meetings On Tuesday

The Delray Beach Power Squadron will sponsor a training course at the Pahokee High School Cafeteria starting next Tuesday night, Jan. 12, and continuing each Tuesday night for 12 weeks. For further information call Billy's Boats and Motors, Phone 7500 in Pahokee.

Mr. and Mrs. Raymond Taylor have returned from a visit with his parents, Mr. and Mrs. W. M. Taylor, at Fayetteville, Tenn.

## Juvenile Worker Talks PTA Group

Miss Julia Emerson, girls' counselor for the Juvenile Court, West Palm Beach, was guest speaker at the January meeting of the Canal Point Parent-Teacher Association held in school auditorium Monday night with Mrs. Joe Cherry, Jr., president, presiding.

Introduced by Floyd Erickson, program chairman, the speaker looked upon delinquent children, with their anti-social attitude toward life, as end results, for the most part, of breakdowns in family life. Conditions outside the home sometimes contribute to the delinquency of a child, but it is usually discord in family relationships, a lack of understanding, love and consistent disciplinary action on the part of parents that causes a resentful and embittered child to become delinquent, she said.

With only seven workers with juveniles in the County all of the time available must be spent on the rehabilitation of the delinquent child with as little time left for the badly needed prevention work that might help a child from becoming a delinquent, according to Miss Emerson, who asked PTA to support current efforts to obtain a more suitable place for the detention of delinquent children which would provide maximum security while they are being held for trial. At present the so-called "hostile" delinquents are held in the County jail while awaiting trial under conditions that are not conducive to rehabilitation work, she said.

Also a speaker at the meeting was Mrs. Frances Wilcox, who too serves as a counselor for the County's Juvenile Court.

A rising vote of thanks was given to Mrs. James Gibson and her Christmas card sales committee who raised \$235.44 for the PTA treasury through the sale of cards.

The monthly attendance award was won by Mrs. Alma Burr's First Grade Room.

Following the meeting refreshments were served in the school cafeteria.

## Mrs. Plumer Dies After An Illness

Mrs. Myra Elizabeth Plumer, 85, died Tuesday morning at her home, 949 East Main St., Pahokee, after a short illness.

Mrs. Plumer had been a resident of Pahokee for six years, coming here from Marietta, Ohio. She was a member of the Pahokee First Baptist Church.

Survivors include two sons, William S. Plumer, Pahokee, and Sam H. Plumer, Gibscomb, Ohio; four daughters, Miss Jane Plumer, Pahokee, Mrs. Alice Rose, Canal Winchester, Ohio, Mrs. Julia Jett, Harrisville, W. Va., and Mrs. Ruth Kalmson, Shadyside, Ohio; two brothers, Dr. Herbert E. Sloan, Clarksburg, W. Va., and Arthur D. Sloan, Houston, Texas; and 11 grandchildren.

FRED O. DICKINSON

## Fred O. Dickinson Runs For Governor

This week finds State Senator Fred O. "BUD" Dickinson of West Palm Beach an active candidate for governor subject to the will of the voters in the forthcoming May primaries. The Senator's announcement for that high office is printed in full herewith:

My friends and fellow citizens of Florida, I now officially announce as a Democratic candidate for Governor of the State of Florida, subject to the May Primary. During the coming months of the most aggressive campaign in the history of Florida, I am looking forward to meeting you and your neighbors in every hamlet and city in Florida. We are going to carry this campaign to all of you and discuss the problems at stake with a dynamic and imaginative program of common sense future long range planning to meet the crying needs of our great and fast growing beloved state.

Florida is now the tenth largest state in the Union and is at the threshold of true greatness. For this reason the decision we make at the polls this coming year will be extremely important in influencing the progress and prosperity of Florida for the next fifty years.

Although Florida entered statehood almost one hundred fifteen years ago, it is, in terms of growth, a young and vibrant state. I am convinced that our future demands imaginative and aggressive leadership with a strong conservative background to meet the challenge of tomorrow and fulfill the potential of our future.

We are entering upon a decade compounded with problems the like of which Florida has never experienced before. Indeed, I have appropriately earmarked this campaign as "Florida In The Space Age." As your next Governor I pledge to represent all of the people of this great state from the great and historical north to the matchless fertile fields of Central (continued on page 2)

### Fred O. Dickinson—

(continued from page 1)  
Florida and the beautiful dynamic southern section which has become the greatest tourist area on earth. I can assure you of fair representation to all of our people and a program to bolster and forward the economic stability of the entire state by giving you the necessary leadership to heal the wounds of sectionalism, and harness our dynamic strength into one powerful force dedicated to greater happiness, prosperity and progress for every man, woman and child in Florida.

My program will call for long range planning to effectively combat crime and reduce juvenile delinquency; provide for the expansion of our educational institutions; promote educational television; inaugurate a twenty-five year long range super highway, road and bridge building program; greater employment of our thousands of dedicated senior citizens; utilize our vast water resources through the interconnection of our waterways and lake system; a reappraisal of our great Flood Control program; development and expansion of our State Park system; better coordination and utilization of the State Development Commission and the respective city and county Chambers of Commerce; provide for our mentally retarded and sick; preserve and maintain our States rights; repeal of the increase in the intangible tax; require the State to make all purchases possible from businesses in Florida; fair apportionment, judicial reform and a complete study of our Boards, Bureaus and Commissions, and a broad bold program to teach Florida history and government to the youth of Florida in an effort to build within this state and intelligent atmosphere of State pride that has no equal anywhere else in the world.

I am so deeply grateful to my wife and four children for their love and understanding at the beginning of this great crusade for a greater Florida. I am appreciative beyond expression to you thousands

of fellow citizens who have already given of your time and energy in helping us harness and organize the greatest campaign team in our history.

I want each of you who have already joined our crusade, and you who will be coming with us in the weeks and months ahead, to know that we have surrounded ourselves with men and women of honor and integrity and that no one in the Dickinson organization, or in our administration, will ever sacrifice integrity or character at the altar of public service. Honesty and understanding of all our citizens will earmark the progress that Florida will have in the coming year.

I want to be your Governor because I love Florida. It is my native state and my family roots here go back about seventy-five years. I have lived here all my life except for overseas duty in World War II with the United States Marine Corp. I have studied Florida government for twenty years and have been honored by my neighbors in Palm Beach County to serve in both the House of Representatives and in the State Senate by election and re-election with an overwhelming vote of confidence on each occasion.

I want to be Governor because I know and understand the problems confronting this state, and through careful and conscientious study I have developed a program which I am confident will meet with your approval. I am prepared to give you the leadership which these challenging times demand in order that we can fulfill the dream that is within our grasp. I believe that you want a Governor who is humble and understanding but strong in his convictions in a decisive age.

I sincerely want and need your active help during this campaign even as I will seek your help and guidance as your next Governor.

With God's help we can build together for the glorious Florida we envision in the coming decade.

I accept the responsibility of this great challenge with a humble but confident heart, and I know we will walk together in victory as dedicated men and women with new hope, new vitality and new vision to give Florida its rightful place under the Sun.

### Florida Symphony In Orlando Jan. 7

ORLANDO—The Florida Symphony Orchestra opened its tenth anniversary season Thursday, January 7th, in the Orlando Municipal Auditorium, under the baton of Henry Mazer, Musical Director. Mr. Mazer, who was a protege of the great Fritz Reiner, comes to Florida after eleven years conducting the Wheeling, West Virginia, Symphony. He is the regular conductor of the Washington Ballet Company and has guest conducted the Chicago, Pittsburgh, Buffalo and National Symphony Orchestras. Henry Mazer, dynamic young pianist, is certainly one of the select group of conductors in the country today achieving reputations of major significance.

The Florida Symphony Orchestra, the only all-professional orchestra in the state, needs no introduction to music lovers in Florida because it travels continually during its 12 week period from January through March to bring fine music to people in all areas and thus it imports 90 percent of its personnel to maintain the quality as well as the quantity of programs presented. Local civic clubs throughout Florida assume the responsibility of sponsoring a concert by the orchestra and not only do they succeed in raising funds for their own projects, but are proud of their contribution to their city by keeping it culturally abreast with other towns and at the same time, introducing their citizens to great music, played by a professional symphony orchestra in live concert. The Kiwanis, and Lions Clubs in Cocoa, Leesburg and Mt. Dora have been very successful with sponsoring such projects.

### Funeral Services Mrs. Sarah Tooley

Funeral services for Mrs. Sarah Cornelia Tooley, 86, of Perry, Fla., mother of Mrs. Della E. Richard of Clewiston and grandmother of Mrs. J. T. Platt of Pahokee, will be held this Friday at 3 p. m. at the Old Campground Church, Brooks County, Morven, Ga., a pre-Civil War church still in use with adjoining burial grounds.

Mrs. Tooley died at the Everglades Memorial Hospital Tuesday morning after a long illness. She was a charter member of the Order of Eastern Star chapter at Perry and was a 50-year member of the Perry First Baptist Church.

She is survived, in addition to Mrs. Richard and Mrs. Platt, by three other grandchildren, 8 great grandchildren and 2 great, great grandchildren.

### Girl Business Picks Up In 1960

1960 appeared to be an attractive number for the female sex at the Everglades Memorial Hospital, Pahokee, where five babies were born during the New Year's holiday weekend—all girls.

Leading the parade of arrivals as little "Miss New Year" was Sarah Darlene, daughter of Mr. and Mrs. Hyland Smith (Mary Cox) of Pahokee, born 12:14 a. m., Jan. 1. Also arriving on New Year's Day were Debra Sue, daughter of Mr. and Mrs. Verlin Pressnell (Clivet Miller) of Canal Point, 2:15 a. m.; and Connie Lynn, daughter of Mr. and Mrs. Carl Gilliam (Mary Breer) of Belle Glade, 9:15 a. m.

Donna Jean, daughter of Mr. and Mrs. Glynn Dasher (Marie Whitaker) of South Bay, arrived on Jan. 3, and Nancy Elizabeth, daughter of Mr. and Mrs. Kenneth Barnes (Monita Harvey) of Pahokee, Jan. 4.

### CIRCLE HOSTESS

Mrs. O. H. Chastain will be hostess to members of the Ione Patterson Circle, Canal Point Baptist Women's Missionary Society, at the January meeting to be held at her home Monday at 3 p. m. The program, "Render Unto Caesar," will be presented by Mrs. J. D. Latham.

### Medical Society Has Fair Exhibit

The Palm Beach County Medical Society will present a "Health Fair" at the South Florida Fair & Exposition. The "Health Fair" will be housed in a special tent, and will show many interesting exhibits. There will be a complete operating room set up showing the latest in equipment.

Should your child select a health career? There are many opportunities for a career in several professional health fields. You and your children can learn more about these opportunities by visiting the "Health Fair". A special section at the "Health Fair" has been set aside to present career information on the health profession. Here you will have a chance to investigate and consider the requirements and opportunities of a career in medicine, dentistry, pharmacy, nursing, or veterinary medicine. There will be professional people well known in their fields to talk to any that are interested and will be glad to discuss these opportunities in the medical profession with you when you visit the "Health Fair".

There will be free chest X rays, and you can also avail yourself of the free glaucoma detection survey. These services are well worth a visit to the "Health Fair".

The educational exhibit "Life Begins" presents the basic concept of anatomy associated with conception and birth. Presented in a factual, dignified manner—the display depicts the process of cell division. The development of the baby from four weeks to full term is shown in twelve stages. Sixteen volunteer health organizations have been invited by the Palm Beach Medical society to participate in the "Health Fair".

There is no admission charge for this exhibit, and everyone should make it a point to visit the "Health Fair".

### Foster Memorials Draws Crowds To White Springs, Fla.

WHITE SPRINGS—North Florida's Stephen Foster Memorial at White Springs has become an important attraction stopoff for visitors traveling the state's north-north U. S. Highway 441, 90 and 129.

Since its opening in 1950 over two million persons have explored the greenery-bordered paths of this quiet memorial situated high atop the storied Suwannee River's banks.

A busy schedule of events has been set for 1960 at the 243-acre park, site of the famous Stephen Foster Museum, a pillared antebellum mansion housing displays of musical instruments, animated dioramas and items of Postera. Newest attraction is the 200-foot-tall Foster carillon tower with the largest set of tubular bells in the world.

Major events which attract nationwide interest each year are the ninth annual Jeanie with the Light Brown Hair auditions, February 13, and the eighth annual Florida Folk Festival on May 6-7-8. Sponsored by the Stephen Foster Memorial Commission, and the Florida Federation of Music Clubs, the Jeanie auditions bring together Florida's finest young women vocalists to vie for college music scholarships and for the title of "Jeanie", who was Foster's wife and the inspiration of his classic work, the love song "I Dream of Jeanie with the Light Brown Hair".

The Florida Folk Festival attracts many hundreds of participants and thousands of spectators to re-live old times in songs, dances and customs performed on an outdoor stage on the banks of the Suwannee.

Mr. and Mrs. J. H. Strayer and family had as holiday guests the Rev. and Mrs. J. Richard Heller, Riviera Beach; Mr. and Mrs. O. M. Murphy and family, Indiantown, and Mrs. Rusty Millon and son of Miami.

### Mrs. Dykes Weds Leslie Jones, Jan. 3

The bride was given in marriage by her eldest son, Rudy Dykes. She wore a street-length dress of winter white with gold-leaf print, matching accessories and corsages of pink orchids.

## Pick your savings target and shoot straight for it!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is systems. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$27.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new, current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.
